Uber Clone

Github Link

Tech Stack:- React Native,Redux,MongoDB, Google Api's,Spring Boot,JPA (Hybernate),

Description:- Created Uber Clone website that able to Book a Car in the App.Used Google Api's to Calculate Fair,Distance and Directions,User Login Functionality implemented in Spring Boot

SKILLS

Programming Languages:Java,JavaScript,Python

Frameworks:ReactJS,NextJS, NodeJs, ExpressJS, Spring Boot React Native, Spring Security, Hibernate , Tailwind-CSS , Bootstrap, HTML,CSS

Tools: Git,Postman,Redux Toolkit,axios

Databases: Mysql,MongoDb

EDUCATION

Bachelor Of Technology

Aditya Engineering College-Surampalem (2021-2024)

Diploma

Aditya Polytechnic College - Surampalem (2018-2021)

Secondary Schooling Education

Z P P High School - Gokavaram (2018)

CODING PROFILES

Leetcode - 250+ Programs | Geek For Geeks - 500+ Programs | Hacker rank - 5 Star Java and 4 star Javascript
